

Spring 2018 LSCS classes and equivalencies

Updated October 2017

1. Almost all courses may be used to satisfy UNC Spanish major or minor requirements. Some courses may count for specific requirements in the major. Please see the course listings below to determine how courses will count. For Spanish minors: courses listed as counting toward the Spanish major may also count toward Spanish minor electives (courses 330 and above). Credit for the “allied course on the Hispanic World” requirement for Spanish minors must be reviewed individually.
2. Several courses fulfill specific General Education Approaches and Connections. By successfully participating in the Sevilla program students automatically receive the Experiential Education requirement (EE).
3. Not all of the UNC-CINECU classes listed will be offered each semester.
4. Many courses may be counted toward other majors and minors. Contact your Study Abroad advisor to discuss the procedure for seeking departmental approval. You should contact your Study Abroad Advisor before going to see your department for approval.
5. Even though there are many classes approved for SPAN 398 credit, that credit may only be transferred once and can only be used to fulfill one specific Hispanic minor or major requirement. Classes approved for SPAN credit may only be transferred once for that credit and can only be used to fulfill one specific Hispanic minor or major requirement.
